

Colorado Council of Teachers of Mathematics

AN AFFILIATE OF THE

National Council of Teachers of Mathematics

April 20, 2008

You are invited to exhibit at the 2008 CCTM Conference held this fall at the Colorado Convention Center in Denver, Colorado. The CCTM Conference draws mathematics teachers, supervisors, administrators, consultants, and teacher educators from Colorado as well as from neighboring states. We expect an attendance of 1500 at this year's conference.

The exhibit hall is an integral part of this conference, featuring products and services related to mathematics education as well as products and services of interest to teachers. Our attendees enjoy and benefit from spending time learning about the many products available and talking with the people who produce these products.

This year's format for exhibitors will be the same as last year. The exhibit hall will be open on Friday, September 26 from 8:00 a.m. until 4:00 p.m. Set-up for exhibitors will be Thursday, September 25 from 1:00 p.m. until 5:00 p.m.

Please use the enclosed Exhibitor's Reservation Form to reserve your space at the conference. Send your completed form, along with your payment, to us as soon as possible. Booths are sold on a first-come, first-served basis, so please let us know as soon as possible if you plan to exhibit.

As soon as we receive your Exhibitor's Reservation Form and payment, we will send you an Exhibitor Confirmation Form listing your booth number, and Brede Exposition Services will send you an Exhibitor Service Manual containing important information about the conference. *New this year is a special rate for Privately Owned Vehicles (POVs) that pull up to the dock to be unloaded. Look for additional information regarding this new service in the Exhibitor Service Manual. Be sure to read all information in the Exhibitor Service Manual carefully and contact Brede for any services you will require.* Because of union restrictions, the Colorado Convention Center is very strict about loading and unloading materials; Brede will be able to answer any questions you have about exhibiting at the Colorado Convention Center.

If you are interested in proposing a speaker for the program, you may use the enclosed Speaker Application Form. The Exhibitor's Reservation and Speaker Application forms are also available on the CCTM website at www.cctmath.org. For information about donating door prizes, please contact one of our Hospitality Co-Chairs—Anna Holm (anna_holm@dpsk12.org) or Carmen Rubino (mscrubino@yahoo.com). And, be sure to let me know if you have other questions regarding exhibits (jlentzotti970@aol.com).

Your support of our conference program is deeply appreciated. We look forward to working with you this fall.

Sincerely,

Juli Reutter Lenzotti
2008 CCTM Conference Exhibits Chair
